

Netsense Business Solutions announced a collaboration with Tayana Solutions to offer Acu Process Manufacturing Solution

Intending to reach out to more manufacturers, Netsense Business Solutions has partnered with Tayana Solutions, focusing on Acu Process Manufacturing (APM).

ATLANTA, GEORGIA, UNITED STATES, November 10, 2021 /

EINPresswire.com/ -- Intending to reach out to more manufacturers, Netsense Business Solutions has partnered with Tayana Solutions, focusing on Acu Process Manufacturing (APM). APM provides rich functionality such as formulation, bill of materials (BOM), production, quality control, compliance and EHS, Labeling, and property features. The collaboration between the two companies is to help build better client relationships by meeting their manufacturing requirements through this cloud ERP solution.

Tayana Solutions

Netsense Business Solutions

Abdul Rehman, Director – Presales and Projects, Netsense Business Solutions, commented, "We got the Leading Palm Oil Contractor and Leading Oil & Energy companies under our Acumatica Cloud ERP and Acu Process Manufacturing (APM) umbrella in a short period. We are confident that we can use our experience to make this collaboration successful. We see good demand for digital transformation requirements in the process manufacturing sector. Our pipeline is very promising in such a short period both of going to market and our launch to the market."

Vijay Ural, President, Tayana Solutions, commented, "We are glad to start a relationship with Netsense through Acu Process Manufacturing, our reliable cloud-based process manufacturing

ERP solution. "Netsense Business Solutions & Tayana Solutions decided to work jointly to serve several such clients in Process Manufacturing in Singapore, Malaysia, and Indonesia Region."
